for Autism!*

A 501 (c) (3)

non-profit organization.

Crossroads Autism Network's (C.A.N.) is a 501 (c) (3) non-profit organization was founded in 2013 in honor of Logan.

Logan is a beautiful blue-eyed angel who has a disease called Tuberous Sclerosis Complex which is the leading genetic cause of Autism and Epilepsy. He suffers from self-injurious behavior (SIB) and was diagnosed with profound Autism. Logan is the reason my husband and I founded Crossroads Autism Network. We felt the need to offer a supportive Autism organization for this community.

Over the years, we have met many amazing families who are affected by Autism. Each journey is unique, but at times our paths intersect or run parallel to each other.

Initially, our goal was to host an annual walk/family day where everyone affected by Autism could come together for awareness and fellowship. Thanks to the continued generosity of our community, we have been able to sponsor families with assistance for horseback riding therapy, private swim lessons, sibling fun nights, and family fun nights at Hangtime Trampoline Park.

We are so proud of this amazing group of people, and we are truly honored to be a part of such a supportive community!

How we fundraise for families?

April 1st, 2017

Each year we host our "Walk at the Park" event at a local park which is an event to bring awareness to our community and most importantly be a fun filled safe day for families with children on the Autism Spectrum with a raffle, food, games, prizes, bounce houses, resources, music, and so much more!

September 23, 2017

We will be hosting our first ever evening event called "Rockin' the Blues" Fundraiser with dinner, a live auction, live band and dancing and lots more fun during the night!!!! We hope it will be a great date night for couples.

Our newest Fundraiser... Honor someone that you love with a puzzle piece!!! We will display them at our events and around the Crossroads!!!
